

GlobalSaaS — Privacy Notice (cross-border + SDF)

GLOBALSAAS PRIVACY NOTICE

GlobalSaaS Technologies Private Limited (the Data Fiduciary) provides workflow software. Our Data Protection Officer, based in India, can be reached at dpo@globalsaas.io.

NOTICE This Notice is provided before we collect your personal data. We collect your name, work email, IP address and product usage events, for the specific purpose of providing and securing the service and for billing.

CONSENT The consent we seek is free, specific, informed, unconditional and unambiguous, and is given through a clear affirmative action. Each purpose has its own unticked checkbox. You may withdraw your consent at any time from Account Settings > Privacy, and withdrawal is as easy as giving consent.

INTERNATIONAL TRANSFERS Your personal data is primarily stored on servers located in India. Certain Data Processors we engage may process it in the United States, Singapore and Ireland. We do not transfer personal data to any country or territory notified as restricted by the Central Government under Section 16 of the DPDPA, 2023, and all such transfers are protected by contractual safeguards and encryption in transit.

DATA PROCESSORS We engage Data Processors only under a valid written contract which limits them to processing on our documented instructions and imposes reasonable security safeguards. We remain responsible for compliance.

SIGNIFICANT DATA FIDUCIARY We have been notified as a Significant Data Fiduciary. We undertake a Data Protection Impact Assessment and an independent audit once every twelve months and furnish a report of significant observations to the Data Protection Board. Our Data Protection Officer is based in India and reports to the board of directors.

SECURITY We encrypt data in transit with TLS 1.3 and at rest with AES-256, enforce role-based access control and multi-factor authentication, retain access logs for one year, and maintain data backups. We run mandatory annual privacy training and quarterly access reviews.

BREACH NOTIFICATION We will intimate each affected Data Principal without delay and provide the Data Protection Board with detailed information within seventy-two hours of becoming aware of a breach.

RETENTION AND ERASURE We retain account data for 36 months after account closure. When you withdraw consent, or once the purpose is no longer served, we erase that personal data and instruct our Data Processors to erase their copies. Where the Income-tax Act, 1961 requires us to retain invoices for longer, we retain them for that period and erase them thereafter.

YOUR RIGHTS Request a summary of your personal data, correction of inaccurate or incomplete data, or erasure from Account Settings > Privacy > My Data, or by writing to dpo@globalsaas.io. You may nominate another individual to exercise your rights in the event of death or incapacity.

GRIEVANCE REDRESSAL Grievance Officer: Mr S. Menon, grievance@globalsaas.io. We respond within 15 days and in no case later than ninety days. You may thereafter complain to the Data Protection Board of India.
