

NORTHWIND CLOUD SOLUTIONS PRIVATE LIMITED

PRIVACY POLICY

Version 2.1 | Effective 1 December 2025

1. INTRODUCTION

This Privacy Policy describes how Northwind Cloud Solutions Private Limited ("Northwind") collects, processes, stores and shares personal data in connection with our customer relationship management platform. Northwind acts as the Data Fiduciary in respect of the personal data of the users who register for our platform.

Registered office: 11th Floor, Vaishnavi Signature, Bellandur, Bengaluru, Karnataka 560103
Email: privacy@northwindcloud.com | Phone: +91 80 6905 2200

2. PERSONAL DATA WE COLLECT

Account data: your full name, work email address, telephone number, job title and employer.

Authentication data: password hash, multi-factor enrolment status and session tokens.

Usage data: features accessed, records created, IP address, browser and device identifiers.

Billing data: billing contact, GSTIN, billing address and payment instrument reference.

Support data: tickets you raise, correspondence and screen recordings you choose to attach.

We collect this data directly from you when you register, configure your workspace, contact support, or use the platform.

3. PURPOSE OF PROCESSING

We process personal data to provision and operate your workspace, authenticate users and secure accounts, provide customer support, issue invoices and collect payment, monitor service performance and reliability, detect and prevent fraud and abuse, and to send service notifications. We process data for marketing purposes only where you have separately opted in.

We will not process your personal data for a new purpose without first giving you notice of that purpose and obtaining your consent.

4. CONSENT AND ITS WITHDRAWAL

We obtain your consent through an explicit, unticked checkbox presented alongside this notice during account registration. Consent is sought separately for each optional purpose, and declining an optional purpose does not restrict your use of the platform.

You may withdraw consent at any time from Account Settings > Privacy > Consent Preferences. Withdrawal takes effect immediately for the purpose concerned and is as straightforward as granting consent. Processing carried out before withdrawal remains lawful. We maintain a record of consents granted and withdrawn, which you may download from the same screen.

5. DATA SHARING AND PROCESSORS

We share personal data with cloud infrastructure providers to host the platform, payment processors to collect subscription fees, email delivery providers to send notifications, and error monitoring providers to diagnose faults.

Each of these parties acts as a Data Processor and is engaged under a binding written contract that limits processing to our documented instructions, requires equivalent technical and organisational safeguards, prohibits onward transfer without our prior written consent, and requires deletion of personal data on termination. We do not sell personal data.

6. CROSS-BORDER TRANSFERS

Personal data is stored in our primary region in Mumbai, India. Backups are replicated to Singapore, and our error monitoring provider processes limited diagnostic data in the United States. These transfers are made only to countries not restricted by the Central Government under Section 16 of the Digital Personal Data Protection Act, 2023, and are governed by

standard contractual clauses.

7. RETENTION AND ERASURE

Workspace data is retained while your subscription is active. Following termination we retain workspace data for 30 days to allow export, after which it is erased. Billing records are retained for eight years as required by tax law. Support tickets are erased 24 months after closure. Once the purpose is served and no legal retention requirement applies, we erase the personal data and instruct our Data Processors to do the same.

8. SECURITY SAFEGUARDS

We implement reasonable security safeguards including encryption in transit using TLS 1.2 or above, encryption at rest using AES-256, role-based access control on a least-privilege basis, mandatory multi-factor authentication for administrative access, network segmentation, centralised audit logging, annual third-party penetration testing, and an ISO 27001 certified information security management system.

9. PERSONAL DATA BREACH

In the event of a personal data breach we will notify the Data Protection Board of India and each affected Data Principal in the form and manner prescribed under the Act. Our notification will set out the nature of the breach, the categories of personal data involved, the likely consequences, the mitigation measures taken, and the contact point for further information.

10. YOUR RIGHTS

Right to access: request a summary of the personal data we process about you, our processing activities, and the identities of Data Fiduciaries and Data Processors with whom we have shared your data.

Right to correction and completion: request correction of inaccurate data, completion of incomplete data and updating of data that has changed. Most fields are editable in-product.

Right to erasure: request erasure of your personal data where retention is not required for the specified purpose or by law.

To exercise any of these rights, use the request form at Account Settings > Privacy, or write to privacy@northwindcloud.com. We respond within 30 days.

11. GRIEVANCE REDRESSAL

We have appointed a Data Protection Officer as the point of contact for questions and grievances relating to the processing of your personal data.

Data Protection Officer: Mr. Rohit Menon

Email: dpo@northwindcloud.com

Address: 11th Floor, Vaishnavi Signature, Bellandur, Bengaluru, Karnataka 560103

We acknowledge grievances within 48 hours and aim to resolve them within 30 days. If you remain dissatisfied with our response, you may escalate the matter to the Data Protection Board of India in accordance with the Act.

12. CHILDREN

Northwind is a business-to-business platform intended solely for use by individuals aged 18 and above acting in a professional capacity. We do not knowingly collect the personal data of children. If we become aware that we have collected personal data from a child, we will erase it promptly.

13. CHANGES TO THIS POLICY

This is version 2.1. Material changes will be notified to workspace administrators by email at least 14 days before they take effect. Previous versions are available on request.
